holiday? Well, look no further
Colchester Parks & Recreation
gift cards are great for all ages!
We offer over 500 programs a
year for the entire family to enjoy!

CATHY NEARY SCHOLARSHIP FUND
It is with great pride that we have named our
Scholarship Fund after Cathy Neary who was
our Administrative Assistant from 2005 to
2012. In 2014, Cathy lost a courageous 11 year
battle with cancer. But throughout those years,
she never let it change her lovely personality or
her positive attitude.
She was a kind and loving employee who felt
that everyone, regardless of their financial sit-
uation, should experience the joy of recreation.
There were many occasions that Cathy, out of
her own pocket, financially assisted families
who could not afford their portion of the schol-
arship match. Although she is no longer a physical presence in our office, her pres-
ence will continue in spirit through this scholarship fund.

Welcome to the 2020 Winter-Spring Program Guide! The programming staff at Colchester Parks and Recreation has done a fantastic job looking for new and creative programs! We take a great deal of pride in providing recreational opportunities to residents of all ages. We certainly hope that you will find a program or event for yourself or your family to enjoy.

Currently, we have been overseeing the repairs to the Causeway. The work started on September 3rd and the contractor has been moving at a quick and steady pace. We are extremely hopeful that they will have it ready to use by our target date. We have also been working with an energetic group of pickleball players to raise funds to construct four dedicated pickleball courts at Airport Park. With their fundraising and assistance from the Park Capital Plan, we are able to make this project a reality. We are optimistic that by next summer the new courts will be open!

I would like to thank all the volunteers that have made all of our programs and events so successful! These folks (and some have been volunteering longer than I have been director) have stayed dedicated throughout the years and we are so extremely fortunate to have them. If you have never volunteered with us, I encourage you to get involved in your community. We love to have fun and it is great to witness others having fun participating.

Finally, we bid farewell to our seasonal parks staff, who will leave during the winter months; they have done exceptional work all summer long to keep our parks in tip-top shape! However, Parks Manager, Andrew Newton, Jordan Cota and Josh Thibault will continue their work through the winter caring for the parks, plowing parks and municipal lots and walkways, grooming trails and caring for the skating rink. This winter, take advantage of what the parks have to offer. Whether it is ice skating, Nordic skiing, or snowshoeing at Airport Park or taking advantage of our other parks, just give it a try!

We hope that you will stay active with us through the winter and spring, and remember that Colchester Parks & Recreation is your #1 resource for optimizing the experience of living in Colchester. Have fun!

Yours in Recreation,
Glen Cuttitta, Director

CRANKIN’ OUT THE HITS  
Grades K - 2 & 3 - 5
Jon Gailmor will meet with participants and guide them through the song-writing process to create a song each week with the kids. The first half of each meeting will focus on lyric-writing and the second half will be putting their lyrics to music and recording a soundtrack. Through collective brainstorming, the kids will create every lyric and put a tune to their masterpiece; thus, ownership of each week’s new song will be totally theirs. Jon will then record the group and individuals singing each song on a CD, which will be shared electronically with every family at the end of the session. Each week’s song will be a different style of music and the topic will be of the kids’ choosing. Each child will leave with a 6 song soundtrack that they can keep for years to come. *UMS program is 5 weeks, PPS & MBS are 6 weeks.* Minimum: 7, Maximum: 12.

ABSTRACT PHOTOGRAPHY WORKSHOP  
Age 18+  
This is a great workshop for the advanced beginner - intermediate photographer. After a brief introduction into the field of Abstract Photography, we will practice using several simple setups, which can be safely replicated at home with standard kitchen/household items, to experiment with taking eye-catching macro photos. All participants need to bring their own camera (preferably DSLR) and be familiar with how to adjust manual setting of aperture, ISO and exposure time. Standard lenses (equivalent to a focal length of 50mm or larger) that can focus at close distances are a good basis; macro lenses are preferred. A sturdy tripod will help you achieve better results, if you have one. Some of the experiments use background patterns that can be best generated with a tablet or larger smartphone. Minimum: 5, Maximum: 8.

MOTION PHOTOGRAPHY WORKSHOP  
Age 18+  
Learn about creative use of your camera’s shutter speed at this advanced-beginner - intermediate photography workshop. Sharp images taken with very short exposure times are the standard of photography. But with some creativity, surprising results can be achieved with deliberately using longer exposure times. This workshop will demonstrate how to use your camera’s shutter speed setting not just to blur and capture motion effects, but also to generate artistic and abstract results. All participants need to bring their own camera (preferably DSLR) and be familiar with how to adjust manual setting of aperture, ISO and exposure time. Standard to tele lenses (equivalent to a focal length of 50mm or larger) are sufficient, but zoom lenses will offer even more creative possibilities. A sturdy tripod and/or neutral density filter will help you achieve better results, if you have them (optional). Dress for the weather, as class may go outdoors. Minimum: 5, Maximum: 8.
